New Precincts For Voting Are Proposed Here

Plan Would Provide For Revamping Truckee Precincts

The possibility that two, and perhaps three, new voting precincts will be established in this district to relieve the strain on the three now approved, loomed this week when Supervisor H. G. Loehr indicated he would support such a project.

Loehr said he would favor establishment of a precinct at Donner Lake, a second to serve the Meadow Park and Gateway Park areas, and would investigate the need for a third at Floriston. The latter, he said, would only be considered to save the few voters there the long mileage to Truckee.

Currently there are three precincts authorized for Truckee, where more than 700 voters are registered from Donner Lake to Floriston. This places a heavy load on election officials and causes considerable inconvenience to voters living out of town, Loehr said.

While it is problematical when or where the precincts will be located, Loehr said he would discuss the matter with other county officials and make every effort to have them available for the voting at the 1954 primary.

At the same time the supervisor said he would propose a revamping of existing precincts to straighten out inequities and more evenly divide the numbers of voters.

SUNBEAMS

By WALTER M. BARRETT

During November the churches of Truckee are sponsoring one of the most worthwhile programs offered here for a long time—a "Go To Church Month." In our opinion, a great many people, entirely too many in fact, are getting away from going to church, pleading all kinds of excuses, none of which are really very valid. In this hurry up, busy life we have been required to live, we often overlook the most important of all requirements for a stable, wholesome, full existence, that provided only by a spiritual guidance. Search as we may for happiness and peace of mind, we will find ourselves continuously foiled without the offered help of a solid, sound religious basis. It doesn't matter which church you prefer, but by all means take advantage of this united invitation and attend the one of your choice. You will perhaps find something very vital that you have been overlooking.

GARDEN CLUB OF NEVADA CITY IS DONOR OF PLANTS

Futher beautification of the grounds at the Tahoe Forest Hospital was assured last week when a check for $35 was received from the Nevada City Garden Club for the purchase of plants and bulbs.

In a brief note, Mrs. Ida Shirley, president of the club, and Mrs. Bernice Renfree, the treasurer, explained that they are trying to "make our small corner a more beautiful place in which to live." The donation was gladly received by the hospital staff which agrees that the donor is indeed a "small club with a big heart."

Another large contributor to the garden, already one of the show places of the region, has been Mrs. Bernice Smith, hospital staff dietician, who has contributed more than $300 in shrubs and flowers. beside devoting much of her own time to the project.

Patrol Sergeant Dies Suddenly At Local Home

Masonic Rites Held Here Monday for Frank Smith

This entire community was saddened and shocked Friday by the untimely death of Sergeant Frank Smith, 37-year-old California Highway Patrol officer, who expired in his sleep at his home that morning. An autopsy revealed a heart condition responsible for his death.

Masonic funeral services were held under the direction of the Truckee Colonial Mortuary Monday morning. The body was taken to East Lawn at Sacramento for cremation and inurnment was in San Francisco. Local patrol officers served as pall bearers, among them Inspector Harvey Blackwell of Sacramento and Captain George Peterkin of Roseville.

The sergeant had been feeling poorly for several days and was under the care of a physician, but his condition was not believed to be serious, his death coming as a severe shock to his family and many friends. The body was discovered by his wife Friday morning.

Sergeant Smith was a native of Pittsburgh, Penna., but had spent most of his life in California. He was born November 25, 1916. During World War II he served with the shore patrol of the U. S. Navy. He had been with the highway patrol for 12 years and was widely known and highly respected by his fellow officers. He served for some time in Humboldt County, later was transferred to the San Francisco bay area and about two years ago came to Truckee where he was in charge of the local squad.

Active in Masonic circles, Sergeant Smith belonged to Shrine Temple at Oakland, the Royal Arch Masons of Truckee and the Masonic Lodge at San Francisco.

Surviving beside his wife, Paula, is his mother, Mrs. Ruth B. Larsen of Truckee, a patient in a Reno hospital at the time of her son's death, and a step-daughter, Helen.

The entire community will join in expressing heart-felt sympathy to the bereaved family.

The Chester Volcanos handed the Tahoe - Truckee Wolverines their sixth straight football loss by a 43-20 score. The game was played at Loyalton and was Chester's 12th consecutive victory.

As the half ended, the Wolverines were on the Chester two-yard line. At half-time the score was 33 to 0 in Chester's favor. Most of the action for the Wolverines came in the third quarter when Tahoe-Truckee racked up a total of 20 points. $100,000 Suit Filed As Result Of Boy's Death

Accidental Death at Lake Basis for Large Demand

A damage suit for $100,700 has been filed in Palcer County superior court in Auburn by the family of a 13-year-old boy, electrocuted in Lake Tahoe last summer.

The youth, Cedric H. Porter of Sacramento, died after he was stunned by an electric conduit running under a boat dock at Tahoe City August 14. Dr. George Moynahan, an Oakland dentist and owner of the property, is named defendant in the action.

The youth was the son of Cedric S. Porter of Sacramento and the grandson of Bishop A. W. Noel Porter of the Sacramento diocese of the Episcopal Church. At the time of the accident the youth was visiting his grandfather, who conducts outdoor Episcopal services at the lake during the summer.

The boy was swimming under the pier when he grasped the conduit and was stunned by the electric current. A Tahoe Pines electrician reportedly tested the conduit and found a 50-volt short circuit caused by a broken junction box a few feet from where the youth touched the wires.

The suit charges the dentist with negligence in maintenance of the wiring. It alleges he should have had the conduit encased in waterproof material.

SAGE CASE IS DISMISSED IN COUNTY COURT

As a result of the jury's 11-to-1 vote for aquittal in the manslaughter trial of George Howard Sage in the Nevada County superior court last week, Judge James Snell this week dismissed the case. No motion for a new trial was made.

Sage had been charged as a result of a fatal automobile accident near Truckee June 17 in which Alfred Richard Haddy of Sacramento was killed and the driver of the car in which he was a passenger, Frank Terrill, was so badly injured that he is still hospitalized.

The defense was handled by John LaRue and District Attorney Vernon Stoll was in charge of the prosecution.

The jury was dismissed last Wednesday after failing to arrive at a verdict.

HEART VICTIM'S BODY IS SHIPPED

TAHOE CITY— Local friends this week learned of the death of Clyde Mayhew, long-time Tahoe resident, who is reported to have suffered a heart attack at his home near Castle Hot Springs, Arizona.

Mayhew spent several years at the lake, being employed at Tahoe Tavern during the 1920s and 1930s. He later resided in his own summer home in the south Tahoe district. His wife, Bertha, survives.

Mrs. Rex Reid is reported to be ill and her friends are hopeful for her rapid recovery of health.

Swanee's Letter

Tahoe City, Oct. 25

Dear Tahoeite:

This is my last for the current season. Will be seeing you again when the robins return in the spring, in May some time.

Several changes and improvements are due to appear in Tahoe City next spring. Carl Bechdolt Jr. is planning to erect a new club house on the site of the old 20 by 30 building which has already been removed from its location and will serve as a store room at the golf course. The new building will be approximately 40 by 60 and will be one story. Opening date, weather permitting, will be around June 15 next. Nearby, the Henrikson Brothers will be completing their warehouse, foundation for which has already been laid. Further down the road, near the Standard station at the Tahoe ity wye, will be opened around June 1 a new Laundromat, equipped with some 20 machines. Mr. and Mrs. Carl Bechdolt Sr. will be the owners.

Saw the beautiful new Conrad Briner home in Tahoe Park, which will be one of the showplaces of the district. The Briners have visited literally hundreds of new homes all over the country and have embodied in their new residence all the modern and unique innovations which pleased their fancies. Their two-story dwelling is convenient to the highway for winter use and is insulated, has three bathrooms, the equivalent of five bedrooms, a full basement for washing, rumpus room, etc. The living room has a 16 foot ceiling and large fireplace, with lots of large windows for plenty of light and sunshine. It is well planned for their year-round occupancy, which should begin within another 30 days. Paul Salvater of Auburn has been head carpenter, with Contractor Fred Wasson of Tahoe lending a helping hand, as have the Briners. Briner teaches math. science and English at Tahoe-Truckee High School, coaching athletics there as well. Wasson has purchased a beautiful lot at Rubicon and plans to erect a new home there in the near future.

Mrs. Neal Marvin, Den Mother of Tahoe's Cub Scout pack, had little luck on last Thursday, the day she called a meeting of mothers of the Cubs. Several were ill and did not attend. Mrs. Marvin will wait until the next Squaw Valley Pack meeting, led by Mrs. Wayne Poulsen, at which it is hoped some arrangement can be made to continue the local Cub Scout meetings. Mrs. Marvin will need assistance from some of the local mothers in furnishing transportation for the boys, who are sincerely enthused with scouting activities.

The Charles Warners enjoyed a weekend visit in the bay region. They saw the USC vs. UC football game in Berkeley Saturday and visited at the home of her brother and sister-in-law, Mr. and Mrs. H. O. Smith of Walnut Creek.

Mrs. Marie Henry of Tahoe City has so far heard from three volunteers who will donate time for the air watch being inaugurated at the Tahoe City Garage. Until they come in for instructions, no regular schedule can be set up. More volunteers are needed so if you like civic duty, drop around and see Marie and do your bit.

The Henrys' grandchildren, Mary Tabor Griswold and Karen and Gary Henry are lending their young ears to the hum of passing planes, and dash into the house each time they hear one coming, to report. Their efforts are not only appreciated but valuable. A visitor for a few days recently was Mary Tabor's father, Lieut. W. L. Griswold Jr., who flew out on a mission to the west coast and had a few days lay over.

Recent word to Mrs. Henry from the John Stevens of San Francisco, former long-time Tahoe residents, indicated that they were enjoying a visit to the Hawaiian Islands and sent along best regards to all their Tahoe friends.

A belated birthday dinner was tendered Charles Swanson of Sunnyside last Friday in Reno at the home of Mr. and Mrs. William Steenis. Guests included Mrs. Adeline Steenis, Mrs. Bud Matthews, Billie Steenis, and Eleanor Swanson.

Kjell Rustad's Gralibakken skiing area has recieved electric service and many improvements are being made there as a result, in cluding tow motors and lights for night skiing. The new road into the resort across the river has been completed and parking area for 150 cars has been provided. Three tows will be operating. The resort accommodations have been improved and the Rustads have added another room to their own home.

With Tahoe's new highway maintenance station nearing completion, it looks like Tahoe high school students will have no further trouble getting to school all winter, for the new station should supply adequate snow removal service even during the hardest of storms.

The Lake Tahoe Ski Club's Olympic Hill is being put in shape for winter, in anticipation of coming competitive meets. A reminder here that the Lake Tahoe Ski Club holds its first meeting this season at 8 p.m. Friday, October 30, in Tahoe Community hall.

A recent going away party was tendered Dorene Quam of Truckee, who is attending school in San Jose. Mr. and Mrs. Lincoln Dempsey of Lake Forest invited in friends who shared a buffet supper and evening of dancing and fun. These included Messrs. and Mesdames Roy Elf, John Finnegan and Al Koolhof, all of Truckee; Miss Esther Harris, Jimmie Morhain, Bill Summers, Joe Copeland, Si Dominguez and Walter Hensen, all of Truckee.

Will ring off for the last time this winter. My very best wishes to all our readers and trust the coming holiday season will be a pleasant one for all. See you again in May. As ever, Swanee.

by HARRY CHARRISON

Well, it looks as though the winter season is creeping up on us and lots of our good people are on their was to some warmer clime. But there are still a lot of people staying in and saying "I wouldn't move out for anybody. I love this winter fairyland."

Joe King came back from his duck hunting trip with a dandy lot of ducks and they were beauties too. I know because we were the lucky ones to get a couple.

Dee and Meredith Siple of Pine Cove Cottages in Tahoe Vista will be on their way north this weekend, making Seattle their first stop, and then on to several beauty spots in Canada. I guess the Judge and his good wife will be staying at their resort during the winter. The phone number will be Brockway 181J. Come and see us some time, won't you?

"Two free men are we, we're out upon the spree; our wives are gone but not for long, they'll soon be back you'll see." This is what Mike Konazowich and Cloyd Sipes are singing. They are both batching while Virginia and Dorothy are away.

After spending about half of the time that she expected in Mexico, Mrs. Ella Blake has returned to Kings Beach for a short stay. She reports that Mexico is beautiful but she prefers the clean wide streets of California.

Mrs. Eda Judy, who has been church school superintendent for the Community Methodist Church at Kings Beach for several years, was the lay preacher last Sunday morning at worship services. The Methodist Men of Kings Beach are sponsoring a dinner at the church Sunday afternoon, November 1, beginning at 4 p.m., followed by viewing of "Last Days of Pompeii." Showing time for the movie will be 8 p.m. There will be no charge for the movie. Proceeds from the dinner will go into the building and general funds.

To those of our residents who intend to cut a Christmas tree or trees, be sure they are on your own property. If not, get a permit and have it notarized. Don't wake up Christmas morning and find a citation in your stocking.

Sheriff Don Cox of Sacramento and Charles Warren were weekend visitors of the Richard Laverys at their Tahoe Vista home.

Willis and Ruth Mizner took a trip to San Francisco where Bill underwent an operation last Friday. At last reports he was making a good recovery. Ruth came back to the lake and will make a trip down to pick him up this week.

During the week of October 19, four of our good neighbors were in Long Beach. Dorothy King was a delegate to the Grand Chapter of the Order of the Eastern Star and Dan Anderson was delegate to the Grand Lodge F.&A.M. Of course, Bert King and Louise Anderson tagged along and had a grand time as the weather was just about perfect.

Mrs. Everett Campbell tells me that Everett is undergoing treatments for injuries received when in the service and aggravated in an accident sometime ago when his car turned over. It is not serious, she says, just taking precautionary measures to prevent any further trouble.

The Walt Baileys of Tahoe Vista say October is their "favorite" month. First Walter Jr. suffered a broken arm, then Kenneth had his tonsils out and then on their way to Oregon duck hunting "just belowe Tule Lake" on 395, Walt ran into a group of five deer. Mrs Bailey says there was quite a herd on the roadside. The car was damaged to some extent on the front and side but not enough to hold them up on their trip.

Mr. and Mrs. Sirus Relf, who have been staying with their daughter, Sophie Miedema, have left for their home in Venice, California. Both had been quite ill but since their stay at Kings Beach, some improvement is evident. They were here for over four months.

Mrs. C. W. Vernon of Tahoe City and her dog are early morning strollers along the beach. I don't know who has the most fun, Mrs. Vernon or the dog.

Theresa Sutton has just informed me there will be a big buffet and dance with orchestra music at The Buckhorn Saturday evening and all friends are invited to come. The restaurant will close Saturday but the bar remains open.

Another local establishment closed this week for the season was Joe Ross' Trade Winds, which enjoyed a successful season. The brothers, Joe and Jack, said they would reopen next April 1, again featuring Cantonese dishes.

Officer Tom Sheehan, state patrol officer for the north end of Lake Tahoe, is currently on his vacation.

From where I sit ... *by* Joe Marsh

It's the Principal of the Thing!

Every autumn our High School has a contest to see who can get the most ads for *The Recorder*—the school magazine. The winner becomes honorary Principal for a day.

Skip Roberts won last week, and his first (and only) official act as "Principal" of the school was to announce in a loud, clear voice: "I hereby declare today a school holiday!"

Knowing Miss Gilbert, the real principal, it was no surprise to me that she laughed as hard as anybody else . . . and said to go right ahead.

From where I sit, it's no wonder our youngsters think Miss Gilbert's such a wonderful person (even though they know they'll have to make up that day). Her tolerance, her friendly way with people of all ages reflect in everything she does. For instance, at my house Miss Gilbert prefers tea but always respects my preference for a glass of beer. As a *real* person . . . in any community, Miss Gilbert belongs at "the head of the class."

It'll be Cold Outside

It is definitely "old fashioned" to hang your washing outside, especially in cold stormy weather.

An automatic electric clothes dryer is the solution to this problem. You can dry your laundry in a matter of minutes without exposing yourself to the elements and without all that lifting and stretching required to hang the clothes on the line. No back-breaking labor of carrying heavy baskets of wet clothes.

Find out today how you can save with an electric clothes dryer.

Something really Special -in power, room, ride, price

WE picture here a car that keeps our order book pages turning quicker than quick.

It is the 1953 Buick SPECIAL 4-Door Sedan—the bargain value that doesn't stay long on our showroom floor.

For this is the best-selling Buick in the land—snapped up by eager buyers who know something really special when they see it.

For your information, we present some SPECIAL facts.

It has a Fireball 8 Engine with the highest power and compression ratio ever placed in a Buick SPECIAL—plus, if you wish, the instant getaway response and utter smoothness of Twin-Turbine Dynaflow.*

It has easy-sitting-room for six adults—as much room as you'll find in cars costing hundreds of dollars more.

It has a ride unique among automobiles. The Buick Million Dollar Ride. The soft and steady and ever-level ride that comes of coil springs on all *four* wheels—a full-length torque-tube drive—a massive X-braced frame—a solid and substantial roadweight poised with meticulous balance on broadly spaced wheels.

But what makes the Buick SPECIAL so extra special is the low delivered price it carries.

It is a price just an easy step above the so-called "low-price three"—and a price that gives you more room and power and ride-comfort for your money than you get in any other car, except another Buick.

Wouldn't *you* like to see, sit in and drive one of these great-powered Buicks — look into its beauty, its luxury, its handling ease—and judge for yourself how small a price tag it wears?

Phone us this week, or drop in. We'll be happy to arrange a demonstration.

KINGS BEACH SCHOOL

Kindergarten - 1st Grade: Last Monday Mrs. Wagner, our county supervisor, visited us. Also, on that day Jim Gill joined the kindergarten class. He moved here with his family last week. David Reed found a fuzzy orange and black caterpillar Monday and we put it in a jar and when we came to school Wednesday, it had already started to make a cocoon.

Petey Kolb, who will be in kindergarten next year, visited school with his friends, Kathy Malley and Catherine Bock, who already are in kindergarten.

Wednesday, Mrs. Jack Felte and little Anne Felte were here for lunch and Anne visited school all afternoon. Her older brother, Steven, is in kindergarten.

Chris Althof brought a record, "Manners Can Be Fun," to share with us.

Two girls left our kindegarten this week. Catherine Bock went to Palo Alto and Paula Martin to Palm Springs. We will be glad when they come back in the spring.

We have learned two Halloween songs and have painted several Halloween pictures. Monday we made masks to wear at our party next Saturday night.

2nd & 3rd Grades: Monday Miss Foresta McGouran, supervisor of elementary education for Placer County, visited our classroom.

The class plans to visit a dairy in Minden, Nev., November 4 by school bus in connection with their social studies unit on "Community Helpers."

Lynn Chatwin spent Tuesday at Reno getting his eyes examined.

Janet Mallory brought a number of records to share with us.

Wednesday we were visited by Verne and Janice Wing, Gary's little brother and sister, and Andy Thompkins, Greg's little brother.

4th, 5th and 6th Grades: Mrs. Ann Mason, Paul's mother, is our room mother for PTA. Her help will be greatly appreciated.

We elected room officers Friday, including President Gwen Mizner, Vice President Jock McPherson, Secretary Dennis Thompkins, Treasurer Karen Little. This group will act as a council for the room.

Carol Bailey, Gwen Mizner and Dennis Thompkins completed our big health chart.

Mr. Benning, the photographer for class pictures, brought in a sample for each class. Many children ordered pictures.

Pat Prince moved to Mill Valley this week. We enjoyed having her with us.

Our class has been making plans for Halloween. We will decorate the classroom and be prepared for the PTA's Saturday night program.

TAHOE LAKE SCHOOL

Kindergarten: The kindergarten boys are planning to build a garage for their trucks and cars. The girls have been spending some time in their new playhouse.

We have been preparing for the school's big Halloween party. We are making large orange pumpkins, orange and black paper chains, witches, masks and black cats. We are learning Halloween songs and rhymes.

Cathy Conners has been ill for some time. We all hope she will be better soon.

1st and 2nd Grades: The 1st grade has finished its reading readiness program and is starting to read in the new pre-primers and to use the accompanying workbooks.

The 1st and 2nd grades are drawing pictures about Halloween. On Tuesday they drew snow pictures with colored paper and chalk.

3rd & 4th Grades: Wayne Poulsen, Karen Grahn and Michael Marvin have painted some interesting pictures of the fall season.

Roy Edmark, Sandra Fellows and Michael McKerrighan had perfect spelling papers.

Bruce Scott and Roy Edmark are leaving next week. We hope to see them next spring.

5th & 6th Grades: Our class elected Sherry Thatcher treasurer to replace Doug Ball, who resigned to take a position on the Safety Patrol. Others elected on the Safety Patrol are Roland Hill, Jeff Davis, Randy Pomin, Chris Poulsen, Dean Barr, Steven Randall and Carolyn Henry. The following were elected to various monitorial positions: Roberta Buford, John Gorham, Diane Speeter, Judy Fanger, Ellen Rich, Kenny Wilson, JoAnn Pomin, Paul Quartly, Gary Henry, Roland Hill, Carol Stratton, Bobby Porter, Albert Gelmstedt, Jimmy Huega, Chad Campbell, Bill Verner and Dennis Vierra.

The following had perfect papers in the monthly arithmetic tests: Trent Giannini, JoAnn Pomin, Roberta Buford, Chris Poulsen, Judy Fanger, Diane Speeter and Sherry Thatcher.

We are working on decorations for the school's Halloween party o nOctober 30 as well as planning what games we would like to play that night.

In arithmetic the 6th grade is learning to use decimals and to multiply by three figure numbers. The 5th grade is studying about fractions and learning to multiply by two figure numbers.

In a recent spelldown Roberta Buford, 6th grader, was winner and Trent Giannini, 5th grader, runner up.

TRUCKEE ELEMENTARY

Kindergarten: This week our class experimented with wet chalk drawings. Several of the results closely resemble adult cocepts of modern art. Two of these, drawn by Sherry Borden and Lynette Brugger, occupy a prominent place on our bulletin board.

Last Friday we welcomed Fosten Wilson Jr. back to our class after a two-week absence in Nevada City. We were sorry to hear that Kenny Partridge, a member of our class, and his family have moved from Truckee.

1st Grade: This class has begun a unit designed to improve dental health. The class members decided that brushing their teeth after the noon meal would be beneficial and each will bring a toothbrush to be used at school.

The 1st grade is now hard at work on their playhouse. Orange crates are badly needed, in order that the play house can be completed. Any scraps of cloth can be used for curtains, chair covers and for making a rag rug.

2nd Grade: We sang eight songs with the 3rd grade for the last PTA meeting. In "Good Morning Merry Sunshine" Barbara Steele, Kenneth Tavlor, Carol Gracik, Garv Costa, Wilana Curran, Lewis Heil were birds; Clifford Heizer, Dick Ingalls were bees; Lois Donaghey and Robert Kaspian were flowers; Liane Kay, Jeanie Wakefield, Bobby Frates, Sherrian Donnis, Peggy Eisenhower were stars. David Carr and Dusty Counts were two of the "Ten Little Indians." Betty Baysinger painted a picture of a very fine ship to illustrate "I Saw a Ship A-Sailing." Lynn Quartly helped her display it. Eric Scow painted a jolly Mr. Sun for "Mr. Sun Goes Sailing By." Rod Leisure was dressed as "Little Mousey Brown" and nibbled at the candle in a realistic fashion.

We made a "movie" of "Peter Pea", a story from one our library books, and took it to the kindergarten and grades 1, 3 and 6.

3rd Grade: Friday afternoon a short hike was enjoyed by all the class to gather specimens of pine cones, needles, insects and plant seeds for our science table.

Chart stories were written by Gene McGihon, Garry Brines, Ginger Barnes and Shirley Patton on the week's activities.

We are sorry to have John Partridge move away. We have missed Daven Morey, Linda Elf, Linda Hiezer and Gail Johnson, who have been absent with colds.

4th Grade by Barry Leamon and Frances McGwinn: We saw two movies this week. One told us the story of the redwood trees. We learned how the trees are cut and the steps involved before they are made into homes and furniture. The other movie showed us animals, trees and birds of the Sierra Nevada.

On Columbus Day we learned the story of Columbus, traced his route, drew pictures of his ships and learned a song about him. Donna Gracik drew a large poster for our class. It shows the ships. Dorette Rose brought a song, "The Old Donner Trail," written by Joe Gardner. We enjoyed singing it.

Friday we all packed our things and moved from the old high school building to the elementary school. While we took turns packing, the rest made decorations for the PTA dinner Saturday night.

We finished David Ayala's book "The First Transcontinental Railroad" and drew maps of its route across the United States.

5th Grade: Columbus Day made a very appropriate closing exercise for our study of the discovery of America. The class colored pictures of the Santa Maria. Mr. Kishbaugh visited our class and listened to the reports of the various committees on the projects depicting the study of our unit. He asked us to give these same reports to the 6th grade when we are settled in the main building next week.

Friday our class made pictures of Halloween motifs which will be used to make over-all designs, such as those used in materials or wall paper.

6th Grade: The boys and girls have been learning to waltz during physical education period this past week, looking forward to their own dances.

Susan Scow's team won an arithmetic over Arlene Copeland's team but Arlene said her team would do better next time.

The first issue of the School Bee is being circulated by the 6th grade. Mr. Walter Barrett of the Sierra Sun was given the first copy off the press in appreciation for his help in getting the paper started.

On October 23, the children in the 6th grade moved into their new class room.

The 6th grade is having a dance on October 30 from 7 to 10 p.m.

DONNER TRAIL

In our younger group we have been making a board with all the things necessary for building a house. We have assigned each pupil a job to do on the house.

The upper group children have been working on their maps of the Great Lake region. We expect to have some films soon on this part of the United States.

This week we discussed the plan and operation of the United States government. We have our new flag pole up now. We have learned how to fold the flag, and how to lower and raise it, as well as other points of flag etiquette.

In social sturies we are collecting pictures of big game animals of the United States.

A RECEPTION to California's junior U. S. Senator Thomas H. Kuchel is set for the evening of November 10 at the Veterans Memorial Building Auburn. Republican women's clubs and Republican central committees of Placer and Nevada Counties are cooperating in make arrangements for the affair.

RENO PLAYERS WILL PRESENT NEW ODETS HIT

RENO— Clifford Odets' latest Broadway success, "The Country Girl," opens Monday night, November 2, in Reno at the Reno Little Theater. The play will show nightly at 8:30 through Sunday, November 8, with a bargain matinee scheduled for Sunday at 2:30.

Acclaimed by public and press alike at its New York opening, the play is a vivid and biting presentation of life backstage in the theater. It concerns the come-back attempt of a once great star, helped, in spite of himself, by a forgiving wife.

Eve Loomis and Randall Ross, both well-known for their many outstanding characterizations with the Reno players, will be seen in the leading roles. The last time the team appeared together was two seasons ago when they starred as Macbeth and Lady Macbeth in the Shakespearian production at the Reno Little Theater.

The box office opens this Thursday for reservations and telephone and mail orders are promptly filled. The address will be found in an ad elsewhere on this page.

Minute Ministry

by REV. SIDNEY WINSTON
Pastor, Com. Methodist Churches
Truckee and Kings Beach

I suppose we are in the aftermath of that time when professing Christians had a "form of Godliness while denying the power thereof." If this admission meant that hope is lost I would like to be among the first to deny it. I have not lost hope. Yet many have lost the reverence due the Lord's Day. For many Christians, observance of the "first day of the week" constitutes the Lord's Day. When our business people, in catering to sacrilegeous interests of their customers in the hope of profiteering on their patronage have neglected their chance to worship, they have forgotten the service motive. When a laborer is required to work seven days each week, some one is usurping his very physical health. Excuses become unimportant after a while with no conecerned adjustment. The almighty dollar, so-called, becomes the substitute for spiritual inspiration. Greed becomes hoggish when it is at the expense of the truth of the centuries. In starving one's soul for spiritual fellowship one judges his neighbor, neglects his responsibilities to forthcoming generations and allows himself to enter a category that is anti-social as well as anti-Christian. Jesus said "The Sabbath was made for man, and not man for the Sabbath." Let's reinstate it! Let's make November Truckee Go To Church Month.

KIRKWOOD TELLS OF COUNTY SPLIT OF FOREST FUND

SACRAMENTO— Robert C. Kirkwood, state controller, Monday announced the apportionment of $2,760,310 in U. S. Forest Reserve Receipts for the fiscal year ended June 30, 1953, among the 39 California counties which contain national forest reserves.

The apportionment represents 25 per cent of the total receipts from federal forest reserves in California. It is $531,813, or 16.15 per cent less than the comparable apportionment for the preceding fiscal year.

Among the 39 participating counties, one-half of the apportionment is deposited to the school fund and one-half to the road fund of each county.

"The less populous counties of the state receive more money from this apportionment than do those containing large metropolitan areas. In fact, the ten counties having the smallest population received 20.54 per cent of the total, despite the fact that these counties have only six-tenths of one per cent of the state's total population.

"These same counties, however, do contain 28.32 per cent of the total forest reserve area in California," Controller Kirkwood reported.

The ten counties having the smallest popualtion shared $566,944. These include Alpine, Mono, Sierra, Trinity, Mariposa, Del Norte, Calaveras and Lake.

Apportionments to counties in the Tahoe-Sierra region were Alpine, $53,688.45; El Dorado, $168,566.17; Placer, $75,242.48; Nevada, $37,168.50; Sierra, $99,993.70.

By contrast, of the larger counties in the state, Alamena, San Francisco and Sacramento received nothing; Los Angeles, $8,785.32; Orange, $636.68; and San Diego, $3,533.23.

IRRIGATED

There are approximately 21 million acres of land under irrigation in the 17 western states.

TAHOE PEOPLE MIGRATE SOUTH

The Lake Tahoe region has been holding its residents into the lovely fall, people expressing reluctance to leave.

Among those going to other places this week include Mr. and Mrs. A. J. Ketman of Carnelian Bay, who will be at home in Menlo Park; Mr. and Mrs. George Kehlet have closed Meeks Bay Resort to go to Palm Springs; the Leon Barker address is also changed from Kings Beach to Palm Springs. H. A. Slade of Tahoe City will spend some time at San Francisco and Stella Watson, also of Tahoe City, has returned to Shingle for the winter months.

Mr. and Mrs. Al Stoddard, who spent several months at Lake Forest, are now at Twenty-Nine Palms. Mr. and Mrs. W. G. Haste and Ralph Stanley, all of Tahoma, are leaving this week for Gardena and Santa Monica respectively. Stanley is building a large house for his nephew in the latter city. The F. A. Kilners have left Tahoe City but have not decided on their location as yet.

A reversal of the trend to leave the lake is that of Mrs. H. R. Watson, who has been in Truckee and now is living at Kings Beach.

Tarzan®

by EDGAR RICE BURROUGHS

TERRIFIED SCREAMS AROUSED THE SLEEPING COMMUNITY OF NABIR. TARZAN INVESTIGATED, AND FOUND A VICIOUS BLACK PANTHER HOVERING OVER HIS KILL!

TARZAN AVOIDED THE GLEAMING FANGS THAT SOUGHT HIS JUGULAR—

THERE WAS A MOMENT OF TENSENESS -- THEN, TWO SAVAGE THROATS ROARED SIMULTANEOUSLY AS SHEETA, THE PANTHER, CHALLENGED THE LORD OF THE JUNGLE!

NOW HE STRUCK A LETHAL BLOW THAT DROPPED SHEETA, QUIVERING AND LIFELESS, TO THE FLOOR!

TARZAN STARTED TO VOICE HIS CONQUEST WHEN HE NOTICED THE BEAST'S COLLAR!

AND NOW, FRANK TITUS AND A FEW EXCITED WITNESSES FOUND THAT THE PROPRIETOR'S SAFE HAD BEEN ROBBED. POSITIVE PROOF THAT SOME MANIAC USED CATS FOR PLUNDER AND MURDER!
